Find a safe place for your pets to stay.

Emergency pet shelters, animal control shelters, veterinary clinics and friends and relatives out of harm's way are all possible choices. Some hotels and motels may allow you to bring pets; others may suspend their "no pet" rules during an emergency. Check ahead to make sure you can bring your pet.

Make sure your pets wear current ID tags all the time, and that carriers for each pet are labeled with contact information. Make sure your pets are current on their vaccinations. Pet shelters may require proof of vaccines.
